Secretary-Cum-Chief Electoral Officer,  
Jharkhand

Elections require citizens to participate in the electoral process and to make an informed decision when voting. Elections imply decision-making, and democracy implies actively participating. Decision-making and active participation are based on information, skills, values and practices, which have to be provided to the entire voter population. Voter awareness and education campaigns provide voters with the knowledge, skills and values to do this.

In a bid to raise voter awareness, the Election Commission of India (ECI) has conducted a National Voter Awareness Contest on the occasion of National Voters Day 2022. National Voters Awareness contest - My vote is my future - Power of One vote "was held across the state from 25.01.2022 to 31.03.2022 to spread voter awareness and education. The National Voter Awareness Contest by the Election Commission of India tapped the talent and creativity of people, while also strengthening democracy through their active involvement.

Voters are the backbone of every democratic system, and democracy could be successful only if all stakeholders, especially the young voters participate in the poll process, with enthusiasm. This contest was aimed to encourage young voters to participate in voting exercise.

There was a festive atmosphere throughout the state during the entire duration of this contest. Every section of the voter participated enthusiastically and

a message was sent among the future voters which would make the work of SSR easier in the days to come. Jharkhand has taken the target of Healthy Roll for Healthy Poll. Certainly, this initiative of the Election Commission of India will not only ease the path of this goal, but it will prove to be a milestone in the direction of voter awareness in the whole country.

I myself visited several districts and motivated groups of people to register themselves and participate in the contest. At the district level, under the leadership of DEO's, all the DYEOs, EROs, AEROs and their subordinate personals have performed and coordinated the task in team with full enthusiasm. Proper coordination has been made between districts officials and our team ensure maximum participation.

I express my hearty gratitude to all the participants of Jharkhand who have performed amazingly in different categories under contest and show case their talent.

THANK everyone for bringing their expertise and experience around the table and engaging in such fruitful, constructive and creative Contest.

With Best Wishes

**K. Ravi Kumar, IAS**
